The Department of Surgery, Division of Urology at Niagara Health seeks a highly skilled and motivated Urologist with a track record for providing compassionate and efficient care to join the Department of locum tenens coverage.

Niagara Health is one of the largest multi-site health care systems in Ontario serving 450,000 residents within the Regional Municipality of Niagara. With 912 beds, 4,500 employees, 640 physicians and a \$500M budget, Niagara Health provides a wide range of inpatient and outpatient services across six sites encompassing operations in Fort Erie, Niagara Falls, Niagara-on-the-Lake, Port Colborne, Welland and a one million square foot state-of-the-art hospital in St. Catharines.

The transformation of healthcare service delivery across Niagara continues with planning underway to build an additional ultramodern hospital in South Niagara Falls to provide accessible and quality healthcare to residents of the Southern Region. Niagara Health is positioned, by virtue of its geography and regionally distributed resources, to exemplify the best of regional capacity with local service delivery. Strong academic partnerships are a priority for Niagara Health as the organization builds on a robust relationship with McMaster University's Michael G. DeGroot School of Medicine.
