Queen's Urology: Building on a Legacy of Excellence

The Department of Urology at Queen's University is seeking a qualified Urologist with fellowship training in renal transplantation and surgical transplant program leadership for a Special Geographically Full-Time (GFT) position with an anticipated start date of March 2023. Additional expertise in minimally invasive renal surgery is expected, and expertise in percutaneous nephrolithotomy would be a valued asset. The successful applicant will be expected to contribute to the general urological care of patients in the region and to the Department’s teaching and research. Applicants must have or be eligible for registration with the College of Physicians and Surgeons of Ontario and must be certified by the Royal College of Physicians and Surgeons of Canada in Urology.

“Team Urology” has eight full-time urologists with active clinical practices and renowned involvement in urological research and education. Research foci include urological oncology, genitourinary pain and inflammation, medical education and clinical trials via the Centre for Applied Urological Research. There is a fully accredited residency program and department members are expected to participate in the undergraduate and postgraduate medical education programs at Queen’s. The clinical program is based at Kingston Health Sciences Centre and provides secondary referral services for Kingston, Frontenac, Lennox and Addington and Prince Edward County as well as tertiary referral services for Southeastern Ontario.

Queen’s University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen’s University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended May 1, 2022. However, they remain in effect for students, staff, and faculty in workplaces, including hospitals, where patient care is provided and/or where the work duties or educational requirements of the position involve or support patient care.

Queen’s Urology: Building on a Legacy of Excellence
The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal Laws, the University is obliged to gather statistical information about how many applicants from each job vacancy are Canadian citizens/permanent residents of Canada, applicants need not identify their country of origin or citizenship, however, all applicants must include one of the following statements: “I am a Canadian citizen/permanent resident of Canada” OR, “I am not a Canadian citizen/permanent resident of Canada”. Applications that do not include this information will be deemed incomplete.

Preference will be given to applicants who can provide evidence of current involvement and commitment to education and research through the submission of a CV and educational dossier as well as the identification of three (3) referees who can attest to the applicant’s academic expertise.

Review of applications will continue until the position is filled. Please direct applications including curriculum vitae, and the names and addresses of three referees, in confidence, to:
