

Rady Faculty of
Health Sciences

University
of Manitoba

ACADEMIC UROLOGIST

DEPARTMENT OF SURGERY, UNIVERSITY OF MANITOBA

and

SURGERY PROGRAM, WINNIPEG REGIONAL HEALTH AUTHORITY & SHARED HEALTH

POSITION NUMBER: 30157 MSAS: 2053

The University of Manitoba, Department of Surgery, Winnipeg Regional Health Authority and Shared Health Manitoba invite applications for a full-time academic surgeon with expertise in endourology, stone disease and minimally invasive surgery to commence on July 1, 2022 (or on a date mutually agreed upon).

This is a geographical full-time, contingent position and the successful candidate will be eligible for an appointment at the rank of Assistant Professor (or higher depending on current academic rank) in the Rady Faculty of Health Sciences, Max Rady College of Medicine at the University of Manitoba. Remuneration will be commensurate with qualifications and experience.

The position encompasses inpatient and ambulatory patient care responsibilities and requires individuals with clinical and teaching skills to further the aims of undergraduate and postgraduate teaching, research, and tertiary care medicine. The candidate will be expected to conduct independent research and supervise post-graduate trainees conducting research. The position will be located primarily at Health Sciences Centre, with secondary responsibility at other sites within the region.

The successful candidate should be eligible for certification with the Royal College of Physicians and Surgeons of Canada and licensure with the College of Physicians and Surgeons of Manitoba. Certification in Urology by the Royal College of Physicians and Surgeons of Canada is preferred. Applicants will have fellowship training in endourology and minimally invasive surgery. Clinical research is an expectation. Additional post-graduate training in education or research would be an asset. Additional skills including advanced degrees would be beneficial; a commitment to education, research and/or other academic pursuits is desirable.

The candidate must be eager to work in a group setting, showing commitment to working in a collegial and supportive manner with the surgeons at the site. The site is hoping to expand its footprint in residency education and build on an already exemplary track record of resident and medical student teaching.

Equity and diversity are essential to excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. To address the Rady Faculty of Health Sciences commitment to equity, diversity and inclusion, in recognition of the underrepresentation of members of historically and currently under-represented groups, and pursuant to the Manitoba Human Rights Commission Policy I-7, preference will be given to applicants who self-identify as women, Indigenous Peoples, persons with disabilities, racialized persons, as well as other historically underrepresented group such as 2SLGBTQ+

The University of Manitoba and Shared Health is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual orientations and gender identities, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however Canadian citizens and permanent residents will be given priority.

If you require accommodation supports during the recruitment process, please contact um.accommodation@umanitoba.ca or 204-474-7195. Please note that this contact information is for accommodation reasons only.

Application materials, including letters of reference, will be handled in accordance with the protection of privacy provisions of The Freedom of Information and Protection of Privacy (Manitoba). Please note that curricula vitae may be provided to participating members of the search process.

Applications, accompanied by curriculum vitae, a list of publications, and the names of three referees should be sent to Dr. Ed Buchel, Head, Department of Surgery and Dr. Jeff Saranchuk, Section Head, Urology, University of Manitoba, Winnipeg Manitoba, Canada via email to astgermain@hsc.mb.ca.

Closing Date: February 28, 2022
