

A private urology group practice is expanding in the San Gabriel Valley region of Los Angeles, California, USA

- 2 existing physicians, looking to add multiple physicians interested in long-term partnership
- Huge patient demand for endourology, oncology, robotics, and female pelvic medicine and reconstructive surgery = busy practice from day one
- Cover 2 clinics and 3 hospitals all within a few miles of each other
- XI robot available
- Elation EMR
- Employed position with full benefits
- Income guarantee for 2 years followed by partnership
- Part-time schedule optional
- 1:4 call schedule which will become less frequent as providers are added
- Teaching faculty at University of Southern California is optional if desired
- H1 Visa or Green Card assistance available

Applicants are invited to submit a cover letter and CV to:

Felix Yip, MD
