

Kelly Mayson

Dr. Mayson is a clinical professor in the UBC Department of Anesthesiology, Pharmacology & Therapeutics. She currently is the Director of Quality Improvement and Patient Safety for the Department of Anesthesia and Perioperative Care at Vancouver Acute and UBC Hospitals. She has been actively involved with an Enhanced Recovery After Surgery Program at Vancouver Acute since 2012, as well as NSQIP ERIN Collaborative, BC ERAS Collaborative, & Enhanced Recovery Canada. She is the Co-chair of the BC Surgical Patient Optimization Collaborative since 2019.

Her other area of interest is training physicians in quality improvement through the Physician Quality Improvement Program and sits as the Chair for Vancouver Coastal and Providence Health authorities for this program and the Spreading Quality Initiative.
