

Laura Nguyen

Dr. Nguyen is an associate professor in the Department of Surgery at McMaster University. She is a urologist at Hamilton Health Sciences and is fellowship-trained in female pelvic medicine and reconstructive surgery. She is passionate about surgical education and about providing exemplary medical and surgical care to her patients in her general urology and subspecialty practice.

Her clinical interests are primary and recurrent stress urinary incontinence, genitourinary fistulae, benign urethral masses, and complex urethral reconstruction in women. Dr. Nguyen's research interests include surgical education of medical students and residents; outcomes research in pelvic reconstruction, neurogenic bladder, and urologic trauma; and gender diversity in surgery.

Dr. Nguyen has published in national and international journals, has co-authored several textbook chapters, and has presented at scientific meetings nationally and internationally.
