

Trevor Schuler

Dr. Schuler is an endourologist and renal transplant surgeon at the University of Alberta. He is an associate professor and serves as the Director for the Division of Urology at the University of Alberta and is the Urology Zone Section Lead for the Edmonton Zone with Alberta Health Services.

Dr. Schuler has a clinical and research interest in the outcomes of patients with stone disease. He is actively involved in provincial initiatives focusing on improving the path to surgical care for urologic patients in the province of Alberta. He also serves as Clinical Co-Chair of the Evidence Decision Support Program of the Surgery Strategic Clinical Network in Alberta.
