LEARNING OBJECTIVES

At the conclusion of the Canadian Bladder Cancer Forum 2024, participants will be able to:

Session 1: Understand the current state of knowledge on biomarkers in the MIBC space

Session 2: Understand the biology of antibody drug conjugates

Session 3: Discuss approaches to management of complete response after neoadjuvant chemotherapy in the MIBC setting

Session 4: Understand novel immune evasion mechanisms underlying bladder cancer progression and novel therapies targeting them

Session 5: Review relevant clinical trials in the Canadian urothelial carcinoma context
