You will not want to miss what we believe is going to be the best annual meeting the Canadian Urological Association (CUA) has ever held. The meeting will take place in our country’s largest metropolitan centre — Toronto — from June 24 to 27, one of the best times of year to visit this vibrant, multicultural, exciting city. Based on interest from our members and urology-associated industry, as well as the record number of abstract submissions, I have no doubt this will be a meeting to remember.

The scientific committee, chaired by Dr. Robert Siemens and Dr. Antonio Finelli, has arranged an innovative program with the meeting theme, “Improving the quality of urological care in Canada.” International guests this year include:

• Dr. Stacy Loeb, Assistant Professor, Department of Urology and Department of Population Health, New York University
• Dr. David Penson, Hamilton and Howd Chair in Urologic Oncology; Professor and Chair, Department of Urologic Surgery; Director, Center for Surgical Quality and Outcomes Research, Vanderbilt University Medical Center
• Dr. Peter Pisters, President and CEO, University Health Network
• Dr. Peter Schlegel, James J. Colt Professor and Chairman, Department of Urology, Weill Cornell Medicine; Urologist-in-Chief, New York Presbyterian (Cornell)

Invitation

President of the Canadian Urological Association, Dr. Curtis and Karen Nickel,
are pleased to invite you to the CUA Reception held during the

AUA Annual Meeting In Boston

Business elegant

Sunday, May 14, 2017 • 6PM-8PM
Renaissance Boston Waterfront Hotel
Atlantic Ballroom • 606 Congress Street, 02210

Do not forget to come visit the CUA Booth #640 (The Boston Convention & Exhibition Center)
Secretary’s Report

Dr. Hassan Razvi
Secretary
London, ON
Member since 1994

One of the signs of a healthy and vibrant organization is an increase in membership enrollment. At the 2017 CUA Winter Board meeting I shared the most recent membership data, demonstrating a continued increase in new members. As of January 24, 2017, CUA membership is at an all-time high of 1182 members encompassing seven different categories. The membership breakdown by category is shown here:

- Active: 553
- International: 76
- Senior: 198
- Candidate: 246
- Associate: 99
- Honorary: 10

Within Canada the distribution of members by province in all membership categories is shown in the list below:

It is my hope that through my contributions I will be able to promote the CUA’s goals of advocating for our patients and ensuring the voice of Canadian Urology is heard prominently.

It is my belief that in addition to providing state-of-the-art patient care, we should all strive to get involved in our national specialty society in some way. It’s an opportunity to give something back to our discipline. During my career I have had the opportunity to Chair the Administrative Council of the CUASF, Chair the Guidelines Committee and now serve as CUA Secretary. Each of the roles has been different, but there was one constant experience. Volunteering one’s time and contributing in some small way to enhancing our specialty for the betterment of patients and colleagues always leaves me with an incredibly rewarding feeling.

Welcome new members who were approved at the 2017 Winter Board meeting.

New Active and International members:
- Walid Shahrour - Thunder Bay, ON
- Toshihiro Yamamoto - Japan
- Manish Choudhary - India
- Lucas Regis Placido - Spain
- Stefan Propping - Germany
- Stephen Strahan - Australia
- Ano Navaratnam - Australia
- Ramiz Abdullahyev - Azerbaijan

New Candidate members:
- Sohrab Naushad Ali - Ottawa
- Nicolas Smadjia-Lamere - Sherbrooke
- James Ross - Ottawa
- Khatereh Aminoltejari - British Columbia
- Justin Oake - Manitoba
- Matthew Ho - British Columbia
- Richard Di Lena - McMaster
- David Hogarth - British Columbia
- Benjamin Beech - Alberta
- Nicolas Paterson - Ottawa
- Patrick Anderson - Ottawa
- Yanbo Guo - McMaster
- Matthew Lenardis - Toronto
- Anjali Maria Lobo - Dalhousie
- Kristopher Dodd - Alberta

The CUA history room at the association’s corporate office has been established and continues to be refined. It currently contains artefacts from the rich history of CUA, donated instruments, history books, and archives. A poster of past presidents adorns the wall, while a second poster featuring milestones in Canadian urology is hanging in the office board room.

As the CUA historian, I regularly liaise with the AUA History Committee. Of note, they are currently working on a 2017 centennial supplement for the *Journal of Urology*. Furthermore, the AUA continues to encourage and foster the sense of relevance of both AUA’s and urology’s history through its Earl Nation Retrospectroscope Award. Established in 2006, the AUA History Committee, through the generosity of the Gyrus-ACMI Corporation, offers this annual award for the best presentation on the history of urology given at the History of Urology Forum. This year’s winning presentation is entitled “A history of prostate cancer from antiquity.” Canadian AUA members are eligible for the award.

At the CUA, we are considering the possibility of collaborating with the Museum of Health Care (museumofhealthcare.ca) in Kingston, ON, on the development of a virtual museum of Canadian urology. We also continue to be members of the History of Specialty Medicine e-Networking Group.

If you are interested in hearing the CUA historian talk from the last CUA meeting, it is available on the CUA website (http://tech4pco.com/cua/index.php?option=com_content&view=article&id=17).

Finally, this year will mark the 40th anniversary of the CUA Scholarship Fund (CUASF). The History Committee is proudly working on a “History of CUASF” talk for this milestone, which will be presented at the annual meeting this coming June in Toronto.

---

**History Committee Members:**

- Michael P. Leonard
- Neal E. Rowe
- Karen J. Psooy
- James W. Wilson

---

**President’s Message continued from cover page**

- Dr. Rene Sotelo, Professor of Clinical Urology, USC Institute of Urology
- Dr. J. Brantley Thrasher, Professor, William L. Valk Chair, Department of Urology, University of Kansas Medical Center; Co-Director of Operative Services, University of Kansas Medical Center
- Dr. Jack Christian Winters, DH Eustis Reily Professor, Department of Urology and Gynecology, Louisiana State University Health Sciences Center; Chairman, Department of Urology, Louisiana State University Health Sciences Center; Vice Chancellor of Clinical Affairs, Interim CEO, LSU Health Sciences Center Healthcare Network
- Dr. Barry Kogan, Falk Chair in Urology Professor, Surgery and Pediatrics, Albany Medical College
- Dr. Christopher Chapple, Consultant Urological Surgeon, Sheffield Teaching Hospitals NHS Foundation Trust; Visiting Professor of Urology, Sheffield Hallam University; Honorary Professor of Urology, University of Sheffield; Secretary General, European Association of Urology
- Dr. Mark Speakman, Consultant Urological Surgeon, Musgrove Park Hospital

The program will stress an educational forum approach to learning, along with state-of-the-art lectures, while the best of Canadian research will be presented in a new poster presentation format. This year, the CUA is offering four accredited educational sessions and three hands-on courses, all free for members. Be on the lookout for promotion shortly and reserve your spot early, as space is limited (especially in the hands-on courses).

The social program, planned by Dr. Michael Leveridge and Dr. Dean Elterman, will highlight the best Toronto has to offer, with the Sunday Fun Night serving up a street party at Corus Quay. Toronto’s finest food trucks will line up ready to serve good food and drinks right next to Sugar Beach. The banquet on Monday night will boast a farm-to-table theme and will feature performances by musical band, The Void.

The CUA meeting is geared to make us all the best urologists possible. The scientific program will be outstanding, the social events great fun, and the interaction and networking with colleagues invaluable. See you in Toronto!
The Nominating Committee has the responsibility to ensure that all positions on the CUA Board of Directors are filled at the Annual General Meeting in June. We would appreciate names of CUA Members who would be willing and able to fill the positions listed below. Only Active and Senior Members may serve as Committee Chairs. Only Active Members may serve on the CUA Board of Directors. Although the Committee will be responsible for asking the individual if he/she is willing to serve the Association, it would be helpful if you could include a few sentences about the nominee re: why they would be suitable for the position. Also, please be advised that we will accept self-nominations.

The positions open for nomination this year are as follows:

- **CUA Vice President** (1 year term)
- **CUA Executive Member at Large: British Columbia** – (3 year term)

Please forward the names of potential candidates to Dr. Michael Leonard, Chair, Nominating Committee (mleonard@cheo.on.ca)

Deadline date for submission: **April 27, 2017**

Any voting Member present at the Annual General Meeting is entitled to make additional nominations.

1. Additional nominations for **Officer positions** will only be accepted if the name(s) had previously been brought forward to the Nominating Committee prior to the previously announced deadline date of **April 27, 2017**. No further nominations will be considered after this date.

2. Such nominees must either be present at the Annual General Meeting to accept the nomination or have provided written confirmation of their willingness to accept the nomination that is immediately viewable by the chair at the time of the nomination.

3. In the event that more than one (1) eligible candidate is nominated for a position, the successful candidate will be determined by anonymous ballot. Nominees present at the Annual General Meeting are entitled to vote.

We look forward to seeing you in Toronto. Your voice matters at the CUA! 🍁

---

**VOLUNTEERISM FACTS:**

- **167 years**: The total number of membership years of the CUA Board.
- A great number of Board members have served on 2 to 3 CUA committees.

---

**Looking back…**

In 2001…
The CUA Annual Meeting was held in Toronto.
It was our 56th!
The CUA Guidelines Committee (GC) has undergone a makeover since the last CUA meeting in 2016! No longer are the CUA Executive Members-at-large members of this committee, having been confiscated by the CUA Socio-Economic committee. This change resulted in just one member left of the Guidelines Committee, the Chairman. These GC meetings were quite short and there was very little argument or discussion!

To evolve the GC, the CUA Board held a GC retreat in November 2016. This was attended by Curtis Nickel, Michael Leonard, Hassan Razvi, Ricardo Rendon, Rob Siemens, Adriana Modica, Tiffany Pizioli, and Anil Kapoor. A number of new initiatives were agreed upon, as well as new membership of the CUA-Guidelines Committee. Most importantly, with the assistance of Adriana Modica, we have created a CUA Guideline Standard Operating Procedures (SOP) Manual to guide authors as they develop their guideline.

The CUA- Guideline Steering Committee (GSC) will consist of 6-8 members who act in an editorial role and liaise with the assigned guideline’s main author to ensure development of the guideline is progressing, as well as be a co-author on the guideline. The new membership of the CUA – GSC is:

Peter Black
Christopher French
Munir Jamal
Wassim Kassouf
Martin Koyle
Keith Rourke
Trevor Schuler
Philippe Violette

We have transitioned from the OXFORD level of evidence to the GRADE level of evidence for future guidelines. In the latest issue of CUAJ, we published the CUA guideline on the management of renal cystic lesions. Guideline topics forthcoming include TRUS Biopsy, PSA Screening, Chronic Orchalgia, VTE Prophylaxis, and Overactive Bladder.

Feedback from the CUA membership has told us the CUA Guidelines are a useful offering from the organization. If you would like to be involved with the CUA-GC, let me know. We hope you find these guidelines helpful and if there are any topics you would like to see developed please drop me a line at akapoor@mcmaster.ca.

Secretary’s Report continued from page 3

What has been the most gratifying about the recent influx of new members was the increase in the number of new graduating residents moving from the candidate to active category. As the future of Canadian Urology, we would hope that all residency programs strongly encourage their residents to become candidate members upon entry into their training program. As an incentive, beginning in 2017 the CUA will reward all training programs that achieve 100% resident enrollment by December 31 each year with 1 free CUA annual meeting registration package to the next CUA Annual meeting.

Access to the CUA Journal, learning activities developed by the Office of Education, the Canadian Senior Urology Resident (CSUR) meeting and the CUA Annual meeting are just some of the advantages of joining the CUA as a resident. Best of all becoming a candidate member is free! Don't delay and join today! 

As part of the CUA, I hope to achieve some meaningful contribution to the urology specialty through research infrastructure development and productivity (CUASF, Guidelines, CUAJ) and educational initiatives (CPD, CUA Accredited Programs)
Social Media and Meeting Awareness for Toronto 2017!

Go ahead and use #CUA17 for everything related to the CUA Annual Meeting, our focus continues to have Twitter as well as Facebook and LinkedIn as a way to communicate all meeting updates, important dates, deadlines and meeting scientific and social content.

We are looking to introduce a live Twitter wall in the plenary of the annual meeting where the speaker will have the choice to take “live Twitter” questions. As we did in Vancouver, we will rely on our Twitter Ambassadors to disseminate meeting information; don’t miss out on the chance to participate in the conversation with #CUA17!

Are you getting the message?

Every day, we work very hard in getting our message across with the help of social media but also with e-mail blasts, e-newsletters and printed newsletters. The cua.org and the cuameeting.org websites are also complete with information. We understand it can be overwhelming but we have so much to say. In case you missed it, here is what is new:

1. CUAJ is now offering its readers the opportunity to claim Section 3 Self-Assessment credits of the Maintenance of Certification (MOC) Program.
2. All CUASF grants are housed on the NEW cuasf.org website.
3. Patient Ressources at cua.org/en/patient. The page includes CUA downloadable material, disease-specific information & discussion forums from reputable sources outside the CUA.

YOUrology – Your Stories

We can share YOUR stories on our social media outlets and printed newsletters along with e-newsletters. We want to hear about your projects, accomplishments, travels, commitments, new family additions, or anything else you’d like to share with the CUA community. The CUA membership is close-knit and we want to be able to share in each other’s lives and successes. Send your news submissions to nadia.pace@cua.org.

Get your news on line and follow us for CUA content: #MemberMondays #CUAJournal #StudentServices twitter.com/canurolassoc facebook.com/CUA.AUC linkedin.com/company/canadian-urological-association

- Multidisciplinary Approach to Managing Bone Health in Prostate Cancer (January 2017-January 2018)

Section 3 credits now available:
- Checkpoint inhibitors in the treatment of advanced urothelial carcinoma (up to 1 hour of credit)
- Multidisciplinary Approach to Managing Bone Health in Prostate Cancer (up to 1 hour of credit)
- CAPCAN III Point of Care Program (up to 20 hours of credit)
- Assessing the Cardiovascular Risk of Androgen Deprivation Therapy in Men With Advanced Prostate Cancer (up to 1 hour of credit)
- CUA Patient Care Program in OAB (up to 11 hours of credit)
- VTE Prophylaxis in Urologic Surgery (up to 1 hour of credit)
- CUAJ Articles (up to 1 hour of credit per article)
- SASP 2016 (up to 60 credits)
- AUA Update Series 2016 (up to 120 credits)

All programs, including slide decks, archived videos, educational materials, and more, are posted on cuaj.ca in the member’s only section/CPD. Contact us for any live program dates.

International Presence for 2017

EAU 2017
March 24-28, 2017
London, England

AUA 2017
May 12-16, 2017
Boston, MA

CUA-EAU Exchange Program 2017

The CUA-EAU Academic Exchange Program took place from March 12-28, 2017, ending at the EAU 2017 in London. This year, the following participants represented the CUA:

- **Senior Guide:** CUA Past President, Dr. Michael Jewett, Toronto, ON
- **Junior Uros** (under 42 years of age):
  - Dr. Kevin Zorn, Montreal, QC
  - Dr. Daniel Liberman, Montreal, QC
  - Dr. Luke Lavallée, Ottawa, ON

Last December, CUAJ introduced a new feature — the opportunity to obtain continuing professional development Section 3 credits of the Maintenance of Certification (self-assessment) program with the Royal College of Physicians and Surgeons of Canada (RCPSC). A review article entitled, “Contemporary agents in the management of metastatic castration-resistant prostate cancer,” by Kapoor et al, was selected as the very first accredited article and we will continue to feature accredited review articles in every print issue of the journal (February, April, June, August, October, December). A maximum of one hour of credit (which is equal to three credits) can be claimed for each activity.

Participants can receive credits in three easy steps:
1. Read the accredited paper (in print or digital format), and answer the three to four multiple choice questions associated with it (visit cuaj.ca for a link to the questionnaire).
2. Enter their name and email to receive a certificate of participation from CUA.
3. Log the self-learning activity and record learning/outcomes in their Royal College MAINPORT account.

Thus far, post-activity evaluations show a very positive response to the initiative. Furthermore, annual surveys of CUA members continue to emphasize that subscription to CUAJ is one of the top benefits of membership. Considering that the RCPSC requires MOC program participants to complete a minimum of 25 credits in Section 3 during their new five-year cycle, it is our hope that the addition of CPD to the journal — which could potentially provide 18 credits annually — will further enhance this benefit for our members.

Any questions about the new CUAJ CPD program can be directed to the CUAJ Managing Editor at adriana.modica@cuaj.org.

At the recent Winter Board meeting, the following bylaws/policy book changes were approved by the Board. A description of the changes is listed below. Where excerpts from the documents are included, changes are highlighted in bold font. Details of the proposed changes may be viewed on the CUA website in the “Members Only” section.

**Bylaws:** No changes

**Policy Book:**

1. The roles and responsibilities of the Board of Directors’ and Committee Chairs at Board meetings were codified. Details were added regarding voting privileges, code of conduct and grounds for removal of Board Members or Committee Chairs.

2. Clarification of the number of Members-at-Large - The Five (5) Members-at-Large shall...

3. Clarification of the new process of selection of nominees for CUA Board of Directors positions:
   e. The Nominating Committee shall:
      iii. nominate a Vice-President Education-Elect, Vice-President Communications-Elect, Secretary-Elect and Treasurer-Elect when the respective incumbent officers will be commencing their term following the next Annual General Meeting
      vi. make a call for nominations from the Membership, which includes a deadline of 60 days for the acceptance of nominations for Officer positions.

f. The Nominating Committee shall:
   i. present the nominations at the next Annual General Meeting; and
   1. Additional nominations for Officer positions will only be accepted if the name(s) had previously been brought forward to the Nominating Committee prior to the previously announced deadline. No further nominations will be considered after this date.

4. The Terms of Reference of the Health Policy Committee were revised to reflect a change in membership and clarification of the group’s mandate:

**Health Policy Committee (HPC)**

a. The HPC shall consist of a chair, who shall be elected to a four (4) year term non-renewable

b. Voting members will include:
   i. Chair or designate from the Canadian Council of University Urology Chairs (CCUUC)
   ii. Chair or designate from the Community Urology Committee
   iii. Representative from the Provincial Urology Section Group
   iv. Secretary of the CUA

v. Five (5) Members-at-Large (MALs) will be-appointed and will serve a 3 year term

vi. The CUA President or designate will serve ex officio

c. The HPC shall concern itself with economic issues associated with the practice of urology throughout Canada, in both community and academic settings.

Specific areas of focus may include:

i. Ongoing tracking of urology manpower needs

ii. Sharing of information related to fee schedules, fee negotiations, alternate funding plans, income caps between the provinces

iii. Ongoing tracking of patient wait-times for urological care

iv. Studying the financial impact of new technology

v. Monitoring resource utilization across the country including operating room time, bed closures, access to diagnostic testing and other specialist referrals

5. The Terms of Reference of the Guidelines Committee were revised to reflect a change in membership, the process of guideline development, levels of evidence and recommendation reporting and the generation of best practice reports:

   a. The Guidelines Committee shall consist of a chair and a minimum of 6 (six) to a maximum of 8 (eight) members. The chair will be elected by the voting members of the Association for a 4 year term. Upon completion of that term, the chair will remain in a past-chair capacity for a 1 year period (until the next summer board meeting).

   b. Members will be selected by the chair for a 2 (two) year term and selected based on their interest in guideline development, clinical epidemiology and outcomes research. Both community and academic urologists will be considered, and whenever possible geographic and sub-specialty diversity will be sought. The Associate Editor (s) of the CUAJ will participate in an ex officio capacity.

The chair shall:

i. submit a written report and present to the Board semi-annually

ii. present to the Membership at the Annual General Meeting upon request of the Board

iii. in collaboration with the VP Communications, keep and update an “Operations Manual” for the Guidelines Committee

iv. choose one member of the Guidelines Committee to serve as a liaison to each guideline development team

v. ensure the Guidelines page on the CUA website is up to date

vi. Liaise with the CUAJ Managing Editor to update the guideline tracker and develop a yearly plan for guideline publication

c. The Guidelines Committee shall:

i. produce comprehensive clinical practice guidelines on current urological practice

ii. produce shorter, more focused best practice reports

iii. review and update previously issued guidelines and best practice reports every 5 years or sooner should relevant new evidence become available

iv. select newly released guidelines or best practice reports for presentation at the CUA Annual Meeting

vi. adhere to a process of guideline creation and revision to include:

   a) Selection of topics of interest to the Membership

   b) Review of available evidence-based literature

   c) Declaration of authorship – the first author on guidelines and best practice reports should be an established CUA member and recognized content expert on the topic

6. The Terms of Reference of the Community Urology Committee were revised to reflect the addition of a vice-chair and to increase the maximum number of voting members:

   a. The Community Urology Committee shall consist of a chair, vice-chair and up to a maximum of 10 voting members (formerly was 5), in active practice, as appointed by the chair.

   c. The vice-chair will be selected by the CommUC chair and may serve a total of 4 years in the role. While the vice-chair may eventually assume the chair position, that selection process will follow the current Nominating Committee’s practice of soliciting potential candidates from the entire CUA membership, and would require AGM approval.

   d. The membership of the CommUC shall include at least one (1) member from each of the regions (BC & Territories, Prairies [AB, SK & MB], Ontario, Quebec and Atlantic [NB, NS, PE & NL]).

f. The vice-chair of the CommUC shall:

   i. Assist the chair in the fulfillment of the committee’s mandate

   ii. Chair committee meetings in the chair’s absence

   iii. Represent the committee at the CUA Board meeting if the chair is unable to attend
